VOTE, AS A GOOD CITIZEN SHOULD

CAMPBELL, THE ORCHARD CITY OF THE FAMOUS SANTA CLARA VALLEY

Campbell INTER-URBAN Press

FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

VOLUME 29, NO. 40. CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, MARCH 28,1924.

FORMAL INDUCTION OF U. C. PRESIDENT

CHARTER DAY FETE BRINGS OUT BRILLIANT THRONG

ANNIVERSARY CEREMONY ATTENDED BY OVER 7,000

President Campbell Cites Fundamental Purposes of Education in Annual Address.—Governor Richardson Delivers Keys to University.

Berkeley.—The fifty-sixth anniversary of the founding of the University of California was celebrated in the Greek theatre in the presence of a throng which filled it to its capacity of nearly 7,000. The famous open-air theatre, scene alike of undergraduate frolics, decorous commencement exercises, assemblies to wage war and to rejoice over peace, and the memorial services for the nation's soldier dead, made an impressive setting for observance of the anniversary of one of the world's great seats of learning.

The central figure in the Charter Day exercises was William Wallace Campbell, Sc. D., LL.D., who was formally inducted into the presidency of the university, a post which he has held, in fact, since last July.

Schwarenka's "Processional March" played by the university orchestra, was followed by the invocation delivered by the Right Rev. Edward L. Parsons, bishop coadjutor of California. William H. Crocker, representing the board of regents, and patron of the university, was the first speaker. He described the qualifications required of the president and formally proclaimed his investiture. Governor Richardson delivered to the new president the keys to the university.

The principal address was delivered by President Campbell on "Universities and Truth." He said: "The fundamental purpose of universities is to hasten the coming of the day when all men and all women shall have a much larger knowledge and comprehension of the truth, so that they may live their lives more richly and more usefully in this exceedingly interesting world, in order, as the Master said, that the truth shall make them free.'

Greetings addressed to President Campbell were delivered by Professor Gilbert N. Lewis, for the faculty; Warren Olney jr., for the alumni; William W. Monahan, president of the associated student body, for the students, and Alfred H. Lloyd, dean of the graduate school of the university of Michigan, President Campbell's alma mater, for the various represented schools and colleges.

CONGRESS LOITERS WITH MANY MEASURES AWAITING ACTION

Washington. — Legislative conferences between Republican leaders of congress and President Coolidge will continue this week in an effort to formulate a program and plans for its consummation. So far the house has passed the treasury, postoffice and interior appropriation bills, the tax bills, Muscle Shoals and the soldier bonus. They still have some twenty appropriation measures before them and the immigration bill. The senate, however, has passed but one measure, the interior appropriation bill, and has before it all the measures passed by the house in addition to the legislation originating with its own members.

The prospect, however, is that little will be done because of: The presidential year. Lack of unanimity in the paper majority of the Republican party. The distracting effect of the various investigations.

Hints at Accomplice

Lodi.—Mrs. Annie T. Kels, widow of the late Alex A. Kels, Lodi butcher, hanged recently for the slaying of Edward Meservy, a laborer, said others besides her husband were involved in the slaying. She said her husband told her on the night before his execution he had promised not to reveal the others connected with the crime, but that "some day their consciences would deliver them to justice." Mrs. Kels has just received payment of $15,000 from the New York Life Insurance company in settlement of her insurance claims of $55,000 which were payable on the death of her former husband.

Navy Chief is Silent

Chicago.—For silence Calvin Coolidge has nothing on his secretary of the navy. Curtis D. Wilbur, who passed through Chicago en route to Washington to take charge of the fleets of the republic, revealed only that he must talk with the president before he talks about naval policies. Like his chief, Wilbur was not unwilling to talk about collateral subjects, like the election of the state judiciary, which he urged Illinois to adopt. in emulation of California.

STATE COMMANDER UPHELD BY BOARD

ALL-DAY ARGUMENT LEAVES SITUATION UNCHANGED

DAYLIGHT POST, A. M. LOSES CHARTER FIGHT

Suspended Legionnaires Refuse Chance to Retract Public Statements.—May Appeal to National Body or to August Convention.

San Francisco.—State Commander James F. Collins of the American Legion was sustained by the state executive committee of the organization in the suspension of Daylight post No. 228 after an all-day debate on free speech and loyalty before the executive body at the state building here.

Opportunity for retraction was given the suspended post and reinstatement offered in exchange for retraction of public statements made by the post, as a unit, through its authorized board of governors, in opposition to the soldiers' bonus. Suspension will apply until the department convention of the American Legion in August, when the state executive committee presumably will turn the matter over to the larger body unless reinstatement, through such retraction or appeal to the national committee, meeting in May, previously results.

A statement from a committee of three from the post, who defended the post's stand for the expression publicly of their anti-bonus attitute, said: "So far as reference to possible retraction goes, there will be none by Daylight post."

GOVERNOR WILL PROBE AGE OF LOS ANGELES BOY SLAYER

Sacramento.—Governor Richardson will investigate reports that William Hard, Los Angeles youth under sentence of death for murder, is not eighteen years of age and therefore not subject to the death penalty. He is quoted as saying: "I propose to make an investigation of the William Hard case, and I do not need the assistance of newspapers, sob sisters or hired attorneys. If Hard has been sentenced in violation of the law, I can act with propriety. I stand firmly for law enforcement, and the law prohibiting the hanging of persons under eighteen is as sacred to me as any law.

"The judge and the jury considered him of age at the time of sentence. I propose to find out if there is further evidence not produced at the trial, and the evidence found will be submitted to the judge and district attorney of Siskiyou county."

AL JENNINGS PROMISES SOME SENSATIONAL OIL DISCLOSURES

Los Angeles.—Before leaving his home in Long Beach for Washington, Al Jennings, former bandit, predicted that when the light of his testimony concerning an alleged $1,000,000 price paid for the Republican presidential nomination in 1920 comes in contact with the inflammable atmosphere of the senate oil investigation an explosion will result that will "rock the country." He declared that the "master mind" who controlled the 1920 Republican national convention and practically engineered the nomination of Warren G. Harding for president upon payment of $1,000,000, is an easterner, an ex-senator, prominent in national Republican circles.

"I will tell his name," the former bandit added, "to the senate committee at Washington."

McGrath Quits in Crisis

Dublin.—With the Free State government facing a critical problem, caused by the attack on British troops at Queenstown, a new and grave phase in the Irish army crisis has developed with the resignation of Deputy McGrath, minister of industry and commerce. McGrath resigned abruptly, announcing that he was "retiring from public life in protest against the action of the government and the army council in imposing conditions on the mutineers in the Free State army."

$2,500,000 for Hospitals

Washington.—National hospitalization facilities on the Pacific coast are to be improved through an appropriation of $2,500,000 authorized by the house. It is proposed to enlarge the San Diego hospital from 500 to 750 beds and to enlarge the hospital buildings at Mare Island navy yard by addition of a fireproof, concrete structure.

Unlucky Thirteens

Moscow.—Thirteen were killed and thirteen others seriously injured when an express train left the track and overturned near Tashkent. Investigation proved a deliberate attempt to wreck the train.

Golden State
News of Interest to All

Rio Linda dedicated the new Calvary Luthern church with special services.

Students of the San Jose junior high school say with a time clock instead of the familiar "present."

Forces favoring the San Mateo naval base site are preparing to take their case to Washington.

Seventy-five names are listed of possible graduates from the Chico state teachers college in June.

The state has sold 28,885 acres of school lands in Riverside and San Bernardino counties for $80,692.

Owners of electric cars must pay the weight fee in addition to the $10 registration fee and $3 for license.

Benjamin Brown, Sacramento negro, was given from one to ten years at Folsom for assulting a negro woman.

Southern California bonds amounting to $14,000 were stolen from registered mail between Chicago and San Francisco.

Preparations are under way by the Chico post of Spanish war veterans for the state organization encampment there in May.

Dr. S. N. Coleman, Antioch physician, and two Colusa Chinese were given five years each in federal prison for violation of the narcotic law.

Will J. French, member of the industrial accident commission, has resigned to take charge of the newly organized California Society of the Blind.

Three members of the convict road camp working near Briceburg were injured in a blast and were returned to the San Quentin hospital for care and treatment.

The eighty-fifth annual gathering of the San Jose Presbyterian society, composed of women's organizations of the surrounding territory was held at Santa Clara.

Daniel Harris, 88, one of the last of the San Francisco vigilantes, is dead. He came to California in 1851 and had lived in San Francisco for seventy-three years.

Dr. Chain Weizmann, president of the World Zionist organization and leader of the movement to reestablish the Jews in Palestine, will come to California in April.

The drowning of the 20-month-old son of Mr. and Mrs. Emiel Gruber of Glenn in a canal near their home was the third death in the family from the same cause in two years.

Traffic over the Central California Traction company's lines between Sacramento and Stockton was closed four days for repairs to a 600-foot trestle which was damaged by fire.

A cool-headed manager and his corps of ushers emptied a motion picture theatre at Fresno of 2,000 patrons without panic or injury to anyone when fire destroyed two reels of films.

The superior court of Fresno county has affirmed the verdict of the jury which convicted Frank Stone of slaying Police Officer James Hardenbrook at Fresno last July and he must serve life imprisonment.

Harry Martin, 24-year-old war veteran, who was arrested at Livermore in February for burglary, was given an indeterminate term at San Quentin. Clemency will be asked for him of the prison board by the court.

The holdings of the American Gold Dredging company at Oroville and in the Thermalito dredging fields, containing large deposits of cement limestone, have been transferred to the Pacific Gas and Electric company.

W. S. Grassie, resident of Altadena and a former director of the United States Steel corporation, was killed during a demonstration of a fire truck, when the brakes failed to work and the truck went over an embankment.

Miss Frances E. Sheldon, J. D., A. B., 22-year-old law librarian of Stanford university and graduate of the Lowell high school, topped the list of forty-four young barristers just admitted to practice law in the state.

Sisson residents were drafted by the chamber of commerce to help complete the road from the business district to the state fish hatchery that visitors, who flock there by the hundreds every summer, may have pleasant going.

Charles Paddock has been reinstated by the Amateur Athletic union after nearly a year's controversy among athletic governing bodies and will resume training at Pasadena for a try at a place on the American Olympic team.

The organizers of the new Yuba City company of national guards have examined and passed most of the quota, whose names have been sent to the adjutant general. The new pavilion being built there will be used for an armory.

The affairs of the Sacramento Valley Bank at Biggs and its branch at Butte City are in the hands of J. E. Johnson, state bank examiner, for reorganization to place them on a basis satisfactory to the state banking department.

CAMPBELL CLUBS AT COUNTY FEDERATION

The Country Woman's Club was well represented at the County Federation meeting held in San Jose Friday.

Mrs. E. R. Kennedy, president, and Mrs. Ralph Hyde were the deleates with Mrs. H. W. Morton and Mrs. H. C. Smith alternates. These, with Mrs. E. C. Merrill were all present for the luncheon. This club had been asked to provide the music for the afternoon session and for that Mrs. H. M. Shadle sang most delightfully "Doris" by Nevin, with violin obligato by Mrs. F. V. Perrott, and piano accompaniment by Mrs. G. S. Robson, who also played for the quartet. This was composed of Mrs. R. H. Hyde, Mrs. W. S. Shelly, Mrs. D. H. Cramer and Mrs. W. C. Bohnett. Their first selection was Mendelssohn's beautiful composition, "The Maybells and the Flowers" and the second, a pretty arrangement of "Marchita."

Mrs. Wendell Thomas, president, Mrs. L. J. Carboni and Mrs. J. J. Pardee, represented the Pundita Circle at the County Federation, Friday, and Mrs. A. A. Earl, president; Mrs. H. P. Bean and others of the Moreland Good Will Club were present. Mrs. Bean and Mrs. Carboni also swelled the number of the Country Woman's Club in atendance.

SCHOOL ELECTION CONTESTS TODAY

This afternoon the polls will be open for the election of school trustees for both Campbell Union High School and Campbell Union Grammar School. For the Campbell districts the election will be held in the new Grammar school building and the polls open from 1 o'clock to 6 o'clock p. m.

For the High School Board two are to be elected and the following names are on the ballot: R. G. Archibald, Campbell district; F. L. Howes, Union, and M. A. Ross San Tomas.

Two are also to be elected for the Grammar school board and there are four candidates, Geo. H. Schuyler for San Tomas, in place of D. N. Blood, and W. I. Merrill, Geo. S. Robson, and C. E. De Selle, whose term expires, for Campbell.

Now that both of our schools have grown to such numbers of students, and to such size of buildings it is very essential that we should have trustees on our boards who will be heartily interested in the welfare of the schools and with time to devote to the many calls and necessary meetings.

The schools of a community are its first and most important charge and Campbell Union schools not only have a reputation to maintain but to improve from year to year, so that the choice of trustees is a matter of moment. Do not relegate this duty to your neighbor.

Birthday Party

Miss Helen Baugh was honor guest at a birthday party Saturday evening at the pretty new bungalow home of Merlin Bohnett and Guy Shepherd on Winchester Road.

Dutch whist was the chief entertainment until refreshments were served, when with other delectables two fancy birthday cakes graced the table.

Those who enjoyed the happy event were the Misses Helen and Janice Baugh, Barbara Dow, Anna Hagelin, Marion Jenkins and Lois Gardner, Mrs. Hattie Baugh and Messrs. Keith Knopf, Robert Scholz, Arthur Wegel, Guy Shepherd and Merlin Bohnett.

Be sure to read about the High School P. T. A. birthday dinner.

Attend C. I. C. Thursday.

EXTENSION BOOSTERS DISCUSS PROJECT AROUND BANQUET BOARD

A number of business men and others interested in the propsed extension of Campbell avenue west and several guests enjoyed a delightful get together at the Hyde Cafeteria and partook of a delicious banquet prepared by Mrs. J. P. Jorgenson. The meeting had been called by the committee of Improvement club and Merchants' association members who had been working on the proposition H. W. Morton, president of the association acted as toastmaster and in a fitting manner introduced the various speakers. S. N. Hedegard, the first speaker, explained the situation and the necessity of a west end extension for the convenience of the traveling public thereby giving the county another west to east trunk line paralelling Stevens Creek road. E. R. Kennedy president of the Improvement Club and actively identified with this project for some time, assured the assemblage of his hearty goodwill and co-operation for the continued progress of Campbell. Ralston Alison layed particular stress on the school bus transportation problems which would be lessened by this road.

E. L. Fellows thru whose large ranch the proposed road would go, stated his objection to this route and offered to give a road way along the Hotchkiss lane which has been used so many years. This would make a jog in the road of some 800 feet. Mr. Fellow's property would undoubtedly be damaged somewhat but it is a question whether this would be offset by advantages. He does not object to the extension f Campbell avenue but does object to the proposed course. C. H. Whitman emphasized not only the desirability but the real necessity of a way out west. He said, "What we want is the best way west."

Supervisor Roll stated the legal side of procedure in opening a new road, mentioning damages and benefits to property holders. At present the county boards cannot improve roads as fast as the public demands.

Supervisor C. P. Cooley in whose district a portion of this road will run expressed the belief that the community would make a more rapid growth the next ten years than during the past ten and now was the time to prepare for future development.

G. S. Robson read a communication from Los Angeles as to the various methods used in building roads in the south.

Geo. E. Hyde, of Prospect road, told of his daily trips to and from Campbell on the present roads and how much more convenient the new road would be for him as it would be almost straight. Jos. Connor, president of the grammar school board was pleased to know that a move was being made to give a better school bus route and as a parting shot urged all to vote for "not your best friend but the best man for the job at the school election."

Following the talks some adjourned to the club rooms for a few games while others talked the common weal. Those present were:

C. W. Shumway, B. O. Curry, J. S. Fay, C. Berry, Ralston A. Alison, S. G. Rodeck, S. N. Hedegard, Horace Lea, H. W. Morton, C. P. Cooley, C. H. Whitman, Geo. S. Robson, E. L. Fellows, John Roll, W. D. Sturtevant, Geo. E. Hyde, E. J. Cuthbertson, G. L. Husted, Jos A. Conner, W. C. Bohnett,Theo. A. Cutting, O. Strom, D. H. Cramer, L. S. Miller, J. F. Wehmeyer, E. E. Sower, J. B Strong, John Lund, R. G. Archibald, G. E. Farley, E. R. Kennedy, E. C. Merrill, W. I. Merrill, H. C. Smith.

FRUIT CROP REPORTED DAMAGED

At the Orchard City Grange Tuesday evening, Mr. Keesling reported that the peach and apricot crop was entirely destroyed in some sections of the San Joaquin county. Others reported that buyers were already making contracts for fruit crops.

Messrs. Cutting, Whitney and Coupland spoke on legislation.

Mr. Hedegard urged all to cooperate to help stamp out hoof and mouth disease. Mr. Clendening spoke on the value of co-operation saying that while there are many failures people should not lose hope.

Several speakers thought it best to let cover crops mature before discing in.

Mr. Keesling thought that practical experienced farmers were most qualified to know how best to treat their orchards both as to pruning and the care of the soil.

Under the head of woman's work they were told to use the juice of two or three lemons in a little water to take the crust off the inside of teakettles; also that if one would use a gold fish bowl to beat eggs in it would prevent spattering them on the floor and other utensils. Miss Annie M. Shulte gave two recitations which all enjoyed.

The secretary read a telegram from Senator Shortridge saying he would do all possible to secure passage of legislation to keep out aliens who are not admissable to citizenship.

Housewarming On Johnson Avenue

The pleasant new country home of the Moultons on Johnson Avenue received a baptism of neighborly feeling on Tuesday afternoon last, when the Johnson avenue club gathered there for a social time and a "housewarming."

The rain outside made the living room, with its bright open fire, and vistas of orchard bloom showing through the large windows, a pleasant place for a gathering. A graceful flower basket, filled with choice spring blossoms from Johnson avenue gardens, was the gift of the Club tothe new home, and was presented by Mrs. E. I. Price, the President of the club, with a few fitting remarks, emphasizing the spirit of neighborliness, which characterizes this group. A beautiful little poem, read by Mrs. Shaw, indicated the ideals of a home, as expressed by the various parts of the building itself.

Mrs. Moulton responded, in a few words of thanks for herself and daughters. Miss Josephine Moulton, who is at home for the vacation from her school at Long Beach, spoke of the pleasure she felt when away, in remembering the neighborly spirit which surrounded the home here. Refreshments, of course, added their share to the afternoon's sociability.

FOUR YEARS OLD

April the fourth will be fittingly celebrated as the fourth birthday of Hi School P. T. A. A chicken supper with every other good thing for which the Campbell cooks are famous will be served cafeteria style.

There will be twelve tables, each representing a month in the year, presided over by a lady whose birthday is in that month. Each table will be fittingly decorated.

Among the numerous good things we have heard it rumored that there will be served are: baked ham, Boston beans, brown bread, punmkin pie, and other things too numerous to mention. A piece of birthday cake will be given to everyone buying a supper.

The proceeds of this supper are to be used in fitting up the gymnasium, especially a rest room for the girls.

THOUGHT FOR TODAY

"For they can conquer who believe they can."
—Dryden.

I AM THE COMMUNITY NEWSPAPER
By Bristow Adams.

I am the Community Newspaper.

I am the friend of the family, the bringer of tidings from other friends. I speak to the home in the evening light of summer's vineclad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth, and love and death—the great facts of man's existence.

I bring together buyer and seller, to the benefit of both, I am part of the market-place of the world. Into the home I carry word of the goods which feed and clothe and shelter, and which minister to comfort, ease, health and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the Community Newspaper.

CITIZENSHIP

An alien does not change into a citizen over night. The changing of his dress may be done in an hour. The changing of his speech is a longer process. And the changing of his ideas is still longer.

Really, to become a citizen of our country, a man must first turn his mind from the old land to the new; he must desire to be an American. In the second place, he must learn how American institutions have grown and how they are carried on; he must understand what are a citizen's responsibilities in this land. In the night school, Campbell has an Americanization institution of great power.

Apparently the McAdoo boosters believe there is just enough oil in the machine to make it run well.

The original Fall was occasioned by an apple. There was no oil at that time.

Some candidates advocate boosting the outgo and decreasing the income of the government.

GRANDMA SHERER PASSES AWAY

Rev. G. E. Atkinson writes us of the death of Mrs. Edward L. Sherer, mother of Mrs. Atkinson, which occurred Sunday evening at 9 o'clock, at their home in Ceres.

She had been ill since last October and suffered grately but not at the last, the end coming very peacefully, so that her dear ones could not wish her back. A son will probably take the body back to the old home in Wsiconsin.

At Christmas time seven of the nine children were with Mrs. Sherer at Ceres, which she greatly enjoyed and is now a very happy memory for them.

The many friends here of Mr. and Mrs. Atkinson extends sincere sympathy in their sorrow.

Free Broadcaster

Congressman A. M. Free, of this district, broadcasted a speech on the Japanese situation in California over the large government radio station at Fort Bragg, North Carolina, on the night of March 15. People of the east have been vitally interested in this problem, and Mr. Free has been called upon to peak so many times on the subject that it was finally arranged for him to broadcast his speech and thus reach millions of people; where, otherwise, he could have only reached a few thousand by appearing before audiences in various sections.

Reports coming into the station show that the speech was heard as far north as Canada, as far south as Cuba, and as far west as Iowa. It was also picked up by some of the vessels in the Atlantic.

CAMP FIRES ACTIVE

The Anptaniya Camp Fire of Cambrian district had their monthly ceremonial meeting at the home of Miss Albia Hultburg. their assistant guardian.

It was a very interesting meeting with the singing of songs, an unusual number of honors being received and three of the girls, Antoinette Zillmer, Ada Gardner, and Lois Marston were given the rank of wood gatherer..

Giving pantomines of honors proved very interesting.

After the meeting refreshments were served and the Boy Scouts came just in time to help them diminish and to share the fun.

The Camp Fire girls in Campbell Union grammar school held their first meeting Thursday, March 20, and also elected officers as follows:

President, Miriam Blaine.
Vice president, Anita Strom.
Treasurer, Fern Evans.
Secretary, Vesta Blyther.
Scribe, Lilian Archibald.
Song leader, Miriam Blaine.

Miss Cameron is guardian of this group.

Forgery Charged

In a concentrated drive on several of our merchants Saturday afternoon and evening a number of checks have been turned back marked "forgery." As the result the sheriff's force is hunting Raymond Ferris and Harry Schultz charged with the crime.

The alleged forgeries were made on J. C. Robinson for whom these men had been working and it was quite natural that the local merchants cash these checks in order to obtain payment of accounts due.

Town Tales Tersely Told

Attend C. I. C. Thursday.

Save next Friday night for the High school P. T. A. party.

Billy Aldrich is again suffering from a severe attack of tonsilitis.

C. W. Plum is confined to the house with a case of old time measles.

Miss Miriam Skiff has stopped school at Stanford for a time and will go to the coast for a rest.

Mrs. Frances Swane and Elwood are spending their spring vacation here with Jas Fablinger.

Henry Eaton of Sausalito was here Sunday for a visit with his mother, Mrs. P. G. Keith and sister Adra.

Mr. and Mrs. J. C. Ainsley and Mr. and Mrs. E. G. Ainsley are enjoying a vacation and outing in the south.

Mr. and Mrs. F. L. Unthank and Frank Jr., of Alameda, came down for the day Sunday with Grandma Keith.

Mr. and Mrs. Jas. Turner went to San Francisco Monday to deliver a quantity of Mrs. Turner's novelty candles.

This evening "Our Wives" at the Hi school annex under auspices of Orchard City Grange. Adults 30c, children 15c.

Uncle Joe Bohnett was receiving hearty congratulations for his seventy-sixth anniversary Wednesday. Pretty active youth for his age, we'll say.

Mr. and Mrs. Anders Larsen, nee Amy Farley of San Francisco and Miss May Farley of Oakland were guests of Mr. and Mrs. A. J. Farley over Sunday.

J. B. Gard is boasting renewed vigor and a gain in weight since cutting out cigarettes and coffee He was a pretty sick man to stage such a come-back at his age.

Mr. and Mrs. Roy Sawyer and family who visited here last week spent Sunday with Mr. and Mrs. Carl Scholz of Palo Alto, Mrs. Sawyer accompanying them.

Mr. and Mrs. L. S. Miller went to Visalia over the week-end on business. During their absence their retail business has been flourishing under the efficient management of Mesdames Cora Marshal and Frances Hatton.

Mrs. C. C. Ayres and Mrs. B. R. Camp, of San Francisco, relatives of Mrs. C. H. Whitman, visited at the Whitman home this week and incidentally enjoyed the glorious blooms in this wonderfully beautiful valley that some one has aptly called "the half-way house to Heaven!"

The regular meeting of the Grammar school P. T. A. will be held next Tuesday afternoon, April 1. The topic will be Legislation and Hon. T. M. Wright has been secured to talk. This should be very interesting for both fathers and mothers and a large attendance is expected.

Judge J. F. Boyd and wife of Neligh, Neb., arrived yesterday for a few days visit with Mrs. Boyd's sister, Mrs. C. H. Whitman. The Judge thinks there is but one thing lacking to make this valley a paradise for those who are seeking sunshine and pleasure and that is a fine golf links in these western foothills where the whole valley lies out before.

Sunday noon occurred the marriage of Miss Eva Hohr and George Maehren at the home of the bride in Sunnyside tract. Rev. W. E. Eckles read the ceremony in the presence of the family and a few intimate friends after which all sat down to a delicious dinner.

Roosevelt Redwood Service Station is the name of John Lund's new station at the junction of Winchester road and Campbell avenue.

The judges on the name contest were D. H. Cramer, E. J. Cuthbertson and S. N. Hedegard, who after some study of the long list of names suggested, awarded the first prize , 50 gallons of gasoline, to two parties who had included part of the name in their entries.

PLANT PACKAGES MUST BE LABELED

In view of the fact that many people are sending and receiving plants and bulbs thru the mails, we are printing the postal ruling concerning them.

Section 478¼ (b) It shall be unlawful for any person firm or corporation to deposit in the United States mails any package containing any plant or plant product addressed to any place within a state maintaining inspection thereof, as herein defined, without plainly marking the package so that its contents may be readily ascertained by an inspecion of the outside thereof. Whoever shall fail to so mark said packages shall be punished by a fine of not more than $100. (Act of March 4, 1915.)

Inasmuch as the average person does not know what states do maintain plant inspection, it is necessary that packages should be marked.

For the benefit of those who may not have had experience in importing plants or bulbs into this county we would explain that upon arrival here the recipient must be notified to furnish the required postage to mail the package to the Horticultural Inspector in San Jose and for its return. If passed, it is returned here for delivery to the owner.

This is true not only of nursery stock but of plants and bulbs from private garden.

Campbell Hi in Rejuvenation

Program, punch, pandemonium.

Last Friday at Campbell Hi was a day of unusual interest, for on that day the girls of the student body turned back several years and appeared in the childish attire of grammar school days.

The aspect of the lower classmen, of course, was not changed so much, but the sight of the Seniors, their stateliness and dignity cast aside, was the cause of great merriment among the students, and deep concern for our worthy teachers. The facutly strove diligently however, to curb the riot of youths and to retain discipline. Mrs. Dart, the commercial teacher, stood at the door of her class room, checking all dolls, candy, teddy-bears, and other juvenile paraphernalia. Prof Cramer tired himself out patroling the works all days for signs of disorder.

In assembly an appropriate programwas given,"Bee" Smith, chairman. "You'd scarce expect one of her age to speak in public on the stage," but Patty Hunter was an exception, and even our meloncholy Professor Wegel laughted. The Little Girls' Syncopated Band, consisting of melodious jazz horns, rendered "Easy Melody", and graciously responded to an encore. Dot Taylor brought back to us haunting memories of those Friday afternoons at grammar school. The piece she spoke was a favorite selection of Professor Noddin's. The student body took the advice of Marie McCoy and Florence Williams and even laughed out loud when they sang, "A Smile Will Go a Long, Long Way," for Marie was a sweet little country girl, and Florence a little boy in blue jeans. They did a dance with the song too.

At noon everybody assembled on the front lawn. A committee of girls had concocted some delicious punch—lots of it— and there wasn't any left in a little while.

For the rest of the noon hour childish poses were assumed, and cameras clicked incessantly.

At the end of the hilarious day everybody was happy. The teachers were worn and haggard, but mighty good sports, we'll say.

Florence Williams.

Sunday evening at 5:30 o'clock at the Congregational church there will be a picture service showing Roumania, Bulgaria nd Turkey. These slides are from the Visual Instruction department of the U. C.

Thursday, April 3, the Missionary Society will meet in the church parlors with Bulgaria as the subject. Mrs. Ellen R. Smith will lead the meeting.

The Cherokee Camp Fire Girls will have a cake and cookie sale Saturday morning, March 29, at Gilson's Market. Cakes will be made by the girls. Get your Sunday cake from us!

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

THE SHERWIN-WILLIAMS PAINTS

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—*The Sherwin-Williams Paints.*

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

Tiny Insects Help to Make Phonograph Records

How many realize as they listen to the phonographs in their homes that the efforts of a tiny insect working industriously in the far-away forests of India make it possible for the vast phonograph industry to place the music of the world at the command of the public?

Science having failed to produce an effective substitute, the phonograph industry must depend upon the insect known as the "lac" insect for the substance of which every record contains about 20 per cent.

These useful little creatures derive their name from the Hindu "lakh," which means a hundred thousand. They settle by the million on the young shoots of certain trees in India and suck therefrom juices which subsequently are excreted in the form of a yellow substance. This substance is gathered by natives twice a year and after being pressed and strained through muslin bags is rolled into thin sheets and sold as shellac—the material without which no phonograph record can be made satisfactorily. It acts as a binding agent in the process of making the record.

Shellac varies in color from pale amber to black. The palest shellac, known as "orange lac," is exported every year for use in the manufacture of phonograph records. The lac insect is affected by adverse weather conditions. Frost and heavy rain are invariably followed by a decrease in the yield of shellac.—Providence Journal.

Great Use Given Milk

The great care given in the United States to the wholesomeness of milk and other dairy products is frequently commented upon by world travelers. That the people of this country appreciate the efforts made to protect the health of cattle and to keep milk sweet and clean from the farm to the consumer is shown by the quantities of dairy products they use. Figures compiled by the United States Department of Agriculture show that in this country there are approximately 25,000,000 dairy cows, one-fourth of all the milk cows in the world, and we consume all the product of this great herd, although we have only about one-sixteenth of the world's population. Uncle Sam's best recommendation for the milk, butter, cheese and condensed milk produced here is the fact that he uses them himself.

Why pay tribute to a Superstition?

The idea that "eastern" motor oils—merely because they cost more—are in some mysterious way "better" is just as baseless as the superstition about the black cat crossing the road, illustrated above.

Automotive engineers have long recognized that the most suitable crude petroleum so far discovered from which to manufacture a motor oil is produced on the Pacific Coast. It is Naphthenic Base Crude.

"Thinning Down" an Advantage

The motor oil (Zerolene) which is refined from this crude has characteristics somewhat different from those of eastern paraffine base oils. It "thins down" more rapidly for one thing, and this fact is often cited against it. But this is really an advantage instead of a defect. Because it thins down more rapidly, it reaches an effective lubricating body sooner, and follows more closely the changing bearing clearances of the engine as it warms up.

Highway Commission Finds the Facts

Some time ago the engineers of the California State Highway Commission decided to subject this anti-western bogie to the brutal test of actual comparison. Read the summary of these tests, printed in the 1921 Biennial Report of the California State Highway Commission:

"Although thinning out more rapidly, the (western) oil does not show any greater breaking down under high working temperatures than the (eastern) oil, nor was there any greater deposit of carbon. Neither did the viscosity after use increase or decrease any more in the case of one than in the other."

A Better Oil Even if It Does Cost Less

Zerolene, because we employ only selected crude and hold the patents on our high-vacuum refining process, is, we are convinced, one of the most carefully manufactured oils on the market, whether of eastern or western origin. Yet it costs about one-third less than eastern oil.

In seven years the sales of Zerolene have increased seven-fold. The more experienced the motorist, the less likely he is to pay tribute to a superstition. *He insists on Zerolene even if it does cost less.*
